Site Prep Checklist

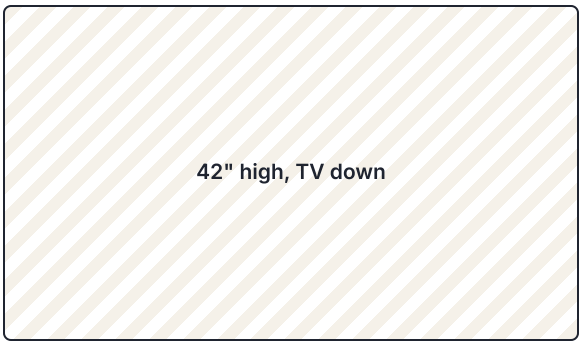

Get your space ready before your TV lift cabinet arrives.

CABINET FOOTPRINT

Top view

Same size for the stone and ArtisanPlank cabinets

Front view

The TV rises about 39" above the top and turns 180 degrees each way

A 65 inch TV is about 57 inches wide. Leave open space above and around the cabinet so the TV can rise and turn without hitting a roof, beam, wall or railing.

CHOOSE THE SPOT

- [ ] Pick a level, solid surface such as a concrete pad, pavers or a deck that can carry the cabinet and your TV. The stone cabinet weighs about 475 lb
- [ ] Think about where people sit, and about sun glare on the screen at the times you watch
- [ ] Keep it out of low spots where water collects

POWER AND SIGNAL

- [ ] Have an outdoor outlet near the cabinet for the lift and the TV. Use a weather protected GFCI outlet and a licensed electrician
- [ ] Plan how the TV gets its picture: streaming, cable or an antenna
- [ ] Check the WiFi signal at the spot if you want app or voice control

YOUR TV

- [ ] Most TVs up to 65 inches fit, on the included universal mounting bracket
- [ ] Send us your TV model before you order and we will confirm the fit
- [ ] An outdoor rated TV is the best choice for open patios, direct sun or humid climates

DELIVERY DAY

- [ ] The cabinet ships assembled by freight, with free shipping. Tracking arrives within 24 hours of shipping
- [ ] Clear a path from the drop off point to the patio, and measure gates, steps and tight corners
- [ ] Plan on two people to move it, plus a dolly or extra help for the stone cabinet
- [ ] Inspect the shipment and note any damage on the delivery receipt before you sign

What comes with the cabinet

- The TV lift cabinet in your finish, fully assembled
- Motorized lift, hammered black aluminum top and universal TV bracket
- Wired and wireless IR remotes, plus Alexa, Google Home and app control

What you provide

- A level, solid surface in the spot you choose
- An outdoor outlet near the cabinet
- Your TV, up to 65 inches, and two people on delivery day
